Gallarate, 12th January 2016 - Openjobmetis S.p.A., was awarded with the **CRIBIS D&B Rating 1**.

CRIBIS D&B, specialized in the provision of business information on Italian and international companies, has awarded the **CRIBIS D&B Rating 1** to Openjobmetis, recognizing the company at the highest level of reliability as a partner in a BtoB commercial transaction.

The **CRIBIS D&B Rating 1** is a high-value recognition, assigned each year to a selected number of firms, around 6% on more than 5 million Italian companies. It is a synthetic indicator that measures the likelihood for a company to generate serious outstanding debts. Several variables are used for the calculation, including demographic information, financial ratios and balance sheet data, payment experiences, the presence of negative events.

The CRIBIS D&B Rating 1 is assigned only to those companies that constantly maintain high commercial and economic reliability and are virtuous in their payments to suppliers. This important award is a confirmation of the level of economic and commercial stability of Openjobmetis and a guarantee for all the companies that have chosen Openjobmetis as a commercial partner.

Openjobmetis CEO, Rosario Rasizza said: *"We are proud to have received the award from CRIBIS D&B confirming the strength of our business approach and the good work done by the company over the years. The "rating of highest economic and commercial reliability" is even more significant while considering the listing at the Italian Stock Exchange at the STAR, the Stock Market Segment with High Requirements, in which Openjobmetis is listed from December 2015. Furthermore, the award represents a boost to continue on the path of sustainable growth that has always distinguished us"*.
